OPTIONAL MEDICAL PROGRAM

This program provides unlimited visits with the physician, and FNP, as well as GYN services during regularly scheduled sick call hours. We provide some diagnostic testing, some basic prescriptions and some non-prescription medications at no additional charge as per physician's order and student condition. The College does not accept private insurance.

The cost of the program is **\$50 PER semester** if enrolled prior to the first day of classes. This fee increases to \$75 if the student enrolls after classes start. Students can sign up at any time during the semester at the \$75 fee. This fee is **NON**-refundable.

You may sign up for the program by filling in the information below. The fee as described above will be charged to your account, payable by you after schools starts.
